

HE vs Plaintext Divergence Analysis

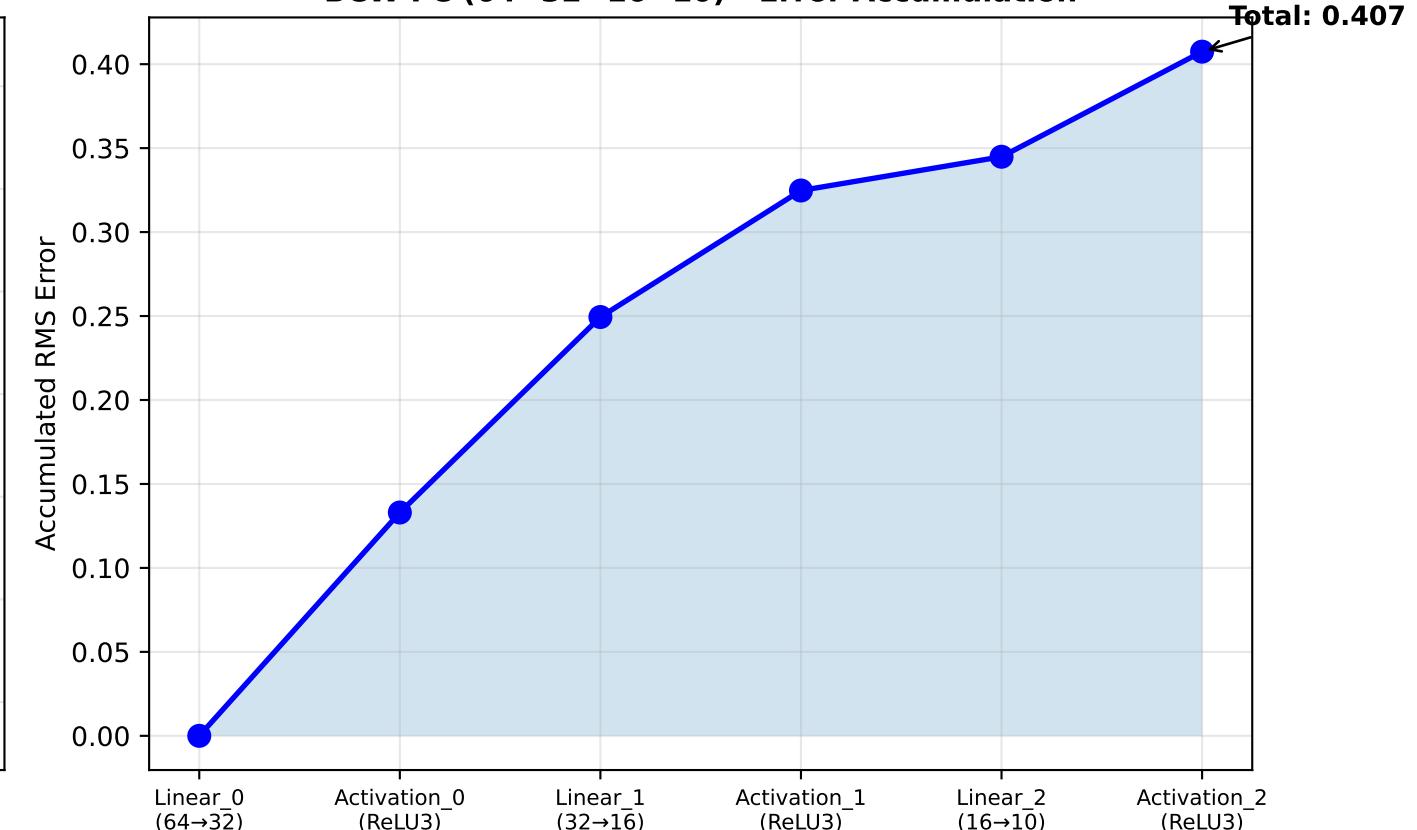

Multi-Layer Error Propagation

█ Linear Layer (HE noise only)
 █ Activation Layer (Polynomial approx)

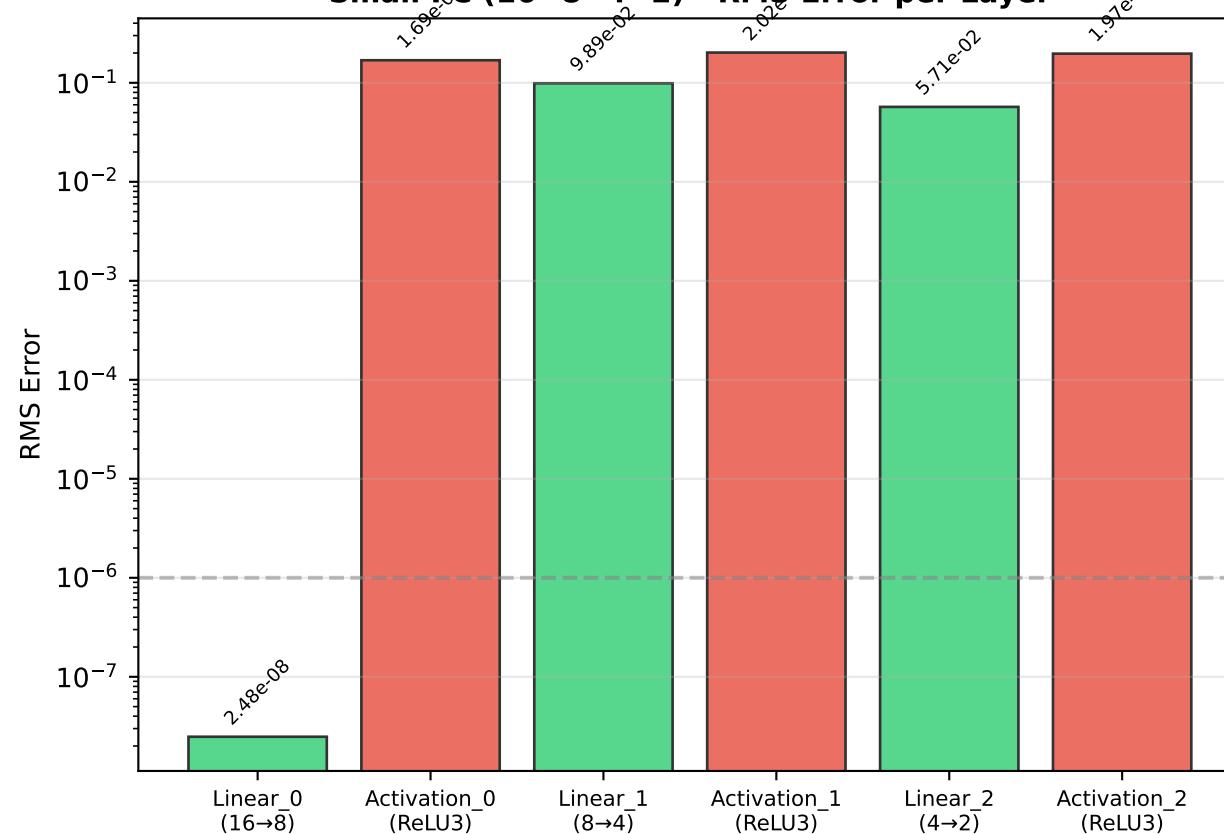

BCW FC (64→32→16→10) - RMS Error per Layer

BCW FC (64→32→16→10) - Error Accumulation

Small FC (16→8→4→2) - RMS Error per Layer

Small FC (16→8→4→2) - Error Accumulation
